Dear Yarra Ranges Tech School,

We look forward to reporting the progress of this sprint. We have captured the following points to update you on how things are going and if we have encountered any hurdles in our execution.

This recent sprint focused on gathering project requirements and documenting requirements and the coming sprint will focus on working successfully with Raspberry pi Google AIY voice kit.

Outcome(s) of this Sprint:

- Project Diary.
- Project Scope Document that has been agreed upon by all parties.
- PowerPoint Presentation.
- Communication and delivery expectations that have been agreed upon by all parties.
- Website with project details.

Activities this Sprint:

- Meeting with the client.
- Signing Intellectual Property Agreement.
- Developing web page about our project using bootstrap.
- Create Project Diary document.
- Create Project scope document.
- Create power point presentation with project details.

Activities that will occur next Sprint:

- Working with raspberry pi.
- Understanding data.
- Meet supervisor

Proposed amendments to Scope:

The final project should cover the below areas in agriculture,

- Global Food data
- Global calorie data
- Global crop data

Sincerely,

YR-Optimization-A
